Our Valued Customers

Thank you for your continued support, comments, and ideas. The success of Highland Converting LLC is due largely to the requests that you have made for continued product improvement, development and innovation. We encourage feedback. Please don't hesitate to let us know what you think of our products and how we can better serve you.

If you do not see an item that meets your specific needs, please give us a call. We will be more than happy to discuss your situation and work with you toward a solution.

We look forward to working with you on your next project.

Your Highland Converting Team

About our Tags

Our tags are meant to be tied to trees or other products. We are confident that growers, shippers, and retailers alike will find many uses for our tags, i.e. name identification, grading, species identification, care instructions, harvest identification, field counting and grading, company name recognition, barcoding, and pricing. Our tags are in rolls and are easily separated at perforations. Many of our tags are offered in two lengths and three widths.

STANDARD NUMBERING - Referred to throughout our catalog, standard numbering begins at 250 or 200 (depending on tag length) and descends to 1.

COLORS - We offer many color choices. The color chart below provides a three-digit color code that will be needed to replace the three or four X's that appear in tag item numbers throughout our catalog.

Color Code Chart (Replaces XXXX in Item Number)			
Color	Color Code	Color	Color Code
Black	BLK	Orange	ORA
Dark Blue	DBL	Pink	PIN
Glow Blue	GBLU	Purple	PUR
Glow Orange	GORA	Red	RED
Glow Pink	GPIN	Tan	TAN
Gray	GRA	Teal Green	TGR
Light Blue	LBL	White	WHI
Lime Green	LGR	Yellow	YEL
Medium Green	MGR		

About our Pricing

SET-UP (definition) - All tier discount levels are calculated per "set-up." We define set-up as either a printing plate change, or dot matrix text change. The quantity of rolls printed per set-up establishes the tier discount level.

TOOLING/PLATE CHARGES - When printing plates are required, we will charge \$55.00 plus \$0.75 per square inch when the total image area exceeds 5½ square inches.

UNDER MINIMUM CHARGE - We will assess an "under minimum" charge of \$10.00 when the total quantity of rolls on the order is less than our published minimum order requirement for any given tag style.

Nu-Miracle™ Flagging Tags

Useful for counting

Nu-Miracle™ flagging tags are numbered, perforated rolls of tags most commonly used for counting. Flagging tags are available in 14-inch or 19-inch long tags and are 1-3/16-inches wide.

Each roll is printed with Standard Numbering, 250-1 for the 14-inch tags, and 200-1 for the 19-inch tags. If Special Numbering is requested, i.e. 1-250 or 1-200, consecutive, or alpha numeric, a charge of \$0.20/roll is added.

Flagging tags with dots, stripes, diamonds, or squares, printed in any color other than black, add \$0.25/roll.

When flagging is purchased in sleeves of 10 rolls, instead of single roll quantities, a discount of \$.10/roll is given.

A quantity discount of 5% will be given on orders of 120 combined rolls or more.

Tag Dispensers

Vest

Vest dispensers, made of non-water absorbent, nylon fabric, are available in front pocket capacities 10 rolls. A loop, sewn to the back of the vest, attaches to a belt or belt loop to keep the vest from sliding forward. Ties at both sides of the vest keep the vest from swinging away from the body when bending forward or kneeling down. Vests also provide a rear storage compartment for spare rolls of tags.
